PROFESSIONAL SUMMARY

BCA graduate and aspiring Full Stack Developer with a strong foundation in **Python, HTML, CSS, JavaScript, React.js, SQL, and web development**. Experienced in building academic web applications using frontend and backend technologies, including a Lost and Found Key Management System and a Grocery Delivery Web Application. Strong in problem-solving, logical thinking, debugging, and developing practical, user-focused solutions.

TECHNICAL SKILLS

- **Programming Languages:** Python, JavaScript, SQL
- **Frontend Development:** HTML, CSS, JavaScript, React.js
- **Backend Development:** Python, Flask
- **Database:** SQL, Database Fundamentals, CRUD Operations
- **Tools & Platforms:** Git, GitHub, VS Code
- **Core Skills:** Problem Solving, Logical Thinking, Debugging, Teamwork, Quick Learning

INTERNSHIP EXPERIENCE

Full Stack Developer Intern - Country Edu Pvt Ltd

- Applied Python and web development concepts to practical software projects and application workflows.
- Worked with frontend and backend components using HTML, CSS, JavaScript, Python, and Flask.
- Worked with database integration and application logic for web development tasks.
- Gained end-to-end exposure to development, testing, debugging, deployment, and version control.

PROJECTS

Grocery Delivery Web Application | Python, Flask, MySQL, HTML, CSS, JavaScript

- Developed a full-stack grocery delivery application using Flask and MySQL.
- Implemented user and admin authentication, session management, product management, cart functionality, and order tracking.
- Built CRUD operations for products, users, carts, and orders with database integration.
- Added product image upload, search/filter functionality, admin dashboard metrics, and order status management.

Fake News Detection Web Application | Python, Flask, MySQL, HTML, CSS, JavaScript

- Built and deployed a Flask-based web application with a responsive web interface and backend integration.
- Implemented user authentication, prediction history, database connectivity, and an admin dashboard.
- Integrated the application backend with a text-classification component while keeping the system modular and database-driven.
- Used Joblib for model persistence and connected application workflows with MySQL.

EDUCATION

- **Bachelor of Computer Applications (BCA)** | Shobhit University, Gangoh | 2023–2026
- Class 12th (PCM) | MPM Inter College | 2022- 2023
- Class 10th | MPM Inter College | 2020-2021

CERTIFICATIONS

- Full Stack Developer Internship Certificate – Country Edu Pvt Ltd | 3 Months | Certificate ID: CEPL-EDU/IMP/620
